

## Market Leader BACnet at ISH 2019

### Joint stand targets planners, integrators and users

**Frankfurt, March 11th, 2019. – BACnet Interest Group Europe (BIG-EU) will be presenting the most successful standard in building automation, with a global market share of 64%, at the ISH 2019.**

Compared to other bus systems, BACnet is best positioned. This is the result of a quick survey among building planners, system integrators and engineering offices.

Under the slogan "BACnet® – Most Successful Standard in Building Automation" European and American suppliers will present new solutions for interoperable building systems. The exhibiting companies are ABB, ALRE-IT Regeltechnik, Bihl + Wiedemann, Danfoss, Johnson Controls, Oppermann Regelgeräte, Project Haystack, SAUTER, SE-Elektronic, Sierra Monitor, Tridium, TÜV SÜD and the logo exhibitors Belimo, Contemporary Controls, Kieback&Peter, Reliable Controls und Siemens Building Technologies.

According to the prominent BSRIA organization, the BACnet communications standard has reached a global market coverage of 64%. Analysts expect further growth in the next years. BACnet offers the platform to become the leading BloT standard with the possibility of combining all applications into one network. The latest developments are the integration of indoor mobility, elevators and escalators and the use of cloud systems.

#### **About the BIG-EU**

The BACnet Interest Group Europe (BIG-EU) promotes the application of the global BACnet communication standard ISO 16484-5 in building automation and security technology in Europe. It was founded in 1998 by 18 building automation companies and currently has over 130 members from Australia, Austria, Belgium, Canada, Czech Republic, Denmark, Finland, France, Germany, Ireland, Italy, the Netherlands, Norway, Poland, Spain, Sweden, Switzerland, Turkey, United Kingdom and the USA. The objectives of the BIG-EU are the perception of European interests in the development of the BACnet standard. There is also an exchange of information with the BACnet-responsible ASHRAE committee "SSPC 135" and the American BACnet community. The group also has a joint marketing policy and qualification offer and has jointly developed technical guidelines. Further information is available at [www.big-eu.org](http://www.big-eu.org).
